

Madison, Wis., April 30.—Governor James O. Davidson has formally announced his candidacy for a full term in the executive office of Wisconsin. He says in his statement that he becomes a candidate in response to the urgings of many citizens and because he could not with propriety refuse to

make the run. He refers to his record for the last 12 years, as assemblyman, state treasurer and lieutenant governor, to show what he stands for. The claim is made that he was a pioneer in the so-called Wisconsin reform movement, working for bills in the legislature to tax express, sleeping-car telephone and telegraph companies, for a railroad rate commis-

[BY ASSOCIATED PRESS.]
Mount Carmel, Pa., April 30.—During two clashes between striking miners and the constabulary here today one miner was fatally shot and several others hurt.

Two hundred and seven dollars and fifteen cents was raised yesterday at St. Patrick's church for the California Sufferers fund. This contribution and seventeen dollars and fifty-five cents raised by the Norwegian Lutheran church will go to swell the total of Janesville's offering to the sufferers of the recent earthquake in California. St. Mary's Catholic church raised fifty dollars. A. P. Burnham, who has had charge of the funds collected thus far, announces that he today sent a draft for \$204 to the Red Cross society secretary at Chicago, which had been collected in addition to the \$1907.74 already sent last week. The money sent today was composed of \$30 from the Presbyterian church and \$104.25 from St. Paul's German Evangelical Lutheran church. Individual contributions of \$18 is also included in the last draft. This brings the total sent from Janesville of which any record is known, to \$2376.44.

London, April, 30.—Considerable interest is manifested in the English court tennis championship, which began at West Kensington today for the reason that it is the first Anglo-American sporting contest of the summer season. The United States is represented by Jay Gould, its national amateur champion, and those who have watched the young man play since his arrival in England are of the opinion that the British cracks will have to play their best if they keep the honors on this side of the Atlantic.

New York, April 30.—The grand jury today submitted its presentment to Recorder Goff covering its action upon the insurance situation. Prominent figures in the political and financial world are mentioned in the jury's discussion of insurance problems, including Cornelius N. Bliss, Postmaster General Cortelyou and George F. Perkins.

[BY ASSOCIATED PRESS.]
London, April 30.—Among the budget announcement by the chancellor of the Exchequer today was that the export duty on coal should be completely repealed on November 1.

[BY ASSOCIATED PRESS.]

Paris, April 30.—The police today are taking every precaution possible to avert the proposed May Day riots tomorrow. Several of the supposed leaders have been taken into custody and are closely guarded. They are charged with organizing rebellion and intriguing with anarchists.

Omaha, Neb., April 30.—On the eve of tomorrow's city election in Omaha the managers of both the republican and democratic parties appear confident of success. The campaign has been extraordinarily spirited and the result of the contest is awaited with keen public interest. A full set of

With the announcement that Governor Davidson seeks nomination on the republican ticket his lieutenants got busy today and began circulating his nomination papers throughout the city. At the same time Irvin Lenroot's papers made their appearance and it appears to be a race between the two men who shall receive the best endorsement from this county. Thus far Davidson appears to have the best of it and his papers are signed by many prominent republicans regardless of any factional differences of the past. District Attorney John L. Fisher appears to have Mr. Davidson's campaign in hand and four sets of papers were put into circulation here today and one sent to Afton and through the country. Many persons solicited have refused to sign either sets of papers, waiting for future results. It is almost certain that McGillivray and Connor will be in the race and this makes four to select from. The signing of the nomination paper is a pledge of a vote at the primary next fall and many prefer not to put themselves down on record as to this matter.

[SPECIAL TO THE GAZETTE].
Salt Lake City, Utah, April 30.—After being on the docket for nearly two years the case of H. Rasmussen against the Union Pacific Coal company came up for trial in the United States district court here today. This was the case in which Rasmussen, who was an undertaker, sues the Union Pacific company for \$27,000, which he claims as recompense for burying the bodies of 168 miners, who were killed in the Hanna mine disaster of several years ago. The company has refused to pay the bill on the ground that the charges are grossly excessive.

Phelan by the Red Cross society today by telegraph and he was advised that a million dollars more was at the disposal of the Red Cross com-

Washington, D. C., April 28.—The Chinese boycott, of which we heard so much some months ago, appears to have affected Philippine tobacco to some extent. The following letter from the President of the Philippine Chamber of Commerce, addressed to the Governor General of the Philippine Islands, explains the situation:

"To His Excellency, the Governor General, Sir:

"The Philippine Chamber of Commerce upon learning that the tobacco export of the island was about to be boycotted in the Chinese markets, issued a special circular to the exporting houses, making a specialty of this important article, with the request that they should state whether these rumors were well founded. The replies, of which copies are enclosed, justify these rumors. The Board of Directors of the Chamber of Commerce would be guilty of culpable negligence in behalf of the interests it represents, if it should hesitate to act with regard to a matter of such vital importance.

Washington, D. C.—One of the flower novelties of the past year which was successfully grown by many expertists is a tobacco plant which produces scarlet flowers, "*Nicotiana glauca*." It is named for its introducer, an expert of England. The plant was originated by crossing two South American tobacco plants, one of which had white and the other red flowers. The result was a flower varying from light pink to the deepest red. Planted in the foreground of a border of more familiar *Nicotiana* affinis, which has white, star-shaped flowers of a wonderfully sweet fragrance at twilight, a combination of color most striking is produced. A pleasing characteristic of this tobacco plant is the flowering time, which begins at twilight and lasts until the rays of the following day withers the blossoms. This it is in bloom at the time when it is approached by persons returning home after a weary day's work. This plant appears to bear flowers all summer, and with ordinary care should succeed under a great number of conditions. It has been successfully tested in Germany and the United States and has done well in sunlight and partial shade.

Andrew Carnegie in Ottawa.
Ottawa, Ont., April 20.—Andrew Carnegie was present today at the opening of the magnificent public library building which he has presented to the city of Ottawa. The formal opening was accompanied with interesting ceremonies. The program included an address of welcome by the mayor, and a response by Mr. Carnegie. A program of music and an informal reception in the main hall of the new library were also features of the occasion.

NOT AFFECTED BY
THE BOND DEALSJANESVILLE BANKS IN NO WAY
IMPLICATED IN DEAL.

"MR. SMOOTH MAN" ESCAPED

Cincinnati Man Plays Smooth Game
on Capitalists Throughout
the Country."Janesville banks are in no way af-
fected by the disclosure that the
Wood county, Ohio, bonds used as
collateral to complete the deal
affecting the Beloit utilities into
one large company," said a
prominent bank official today. "The
bonds were not used as collateral, but
merely as earnest money anyway,
and they were not held by any bank, but
by one individual, I am informed by
this individual that the bonds were
redeemed as arranged for by the firm
of P. S. Briggs and Company of Cin-
cinnati, who were partners in the
deal but not partners in floating the
false bonds."

Used in Deal

The announcement which appeared
in the Chicago and Milwaukee papers
this morning that Arthur L. Rich, a
Cincinnati broker, had forged a hun-
dred thousand dollars' worth of spur-
ious Wood county, Ohio, improvement
bonds and had obtained cash on them
from banks in Ohio and Janesville,
appears to have been an error as far
as the local banks are concerned. Mr.
Rich was one of the men who put
through the combination of the Be-
loft utilities and the bonds in ques-
tion were used to secure the earn-
est money which consummated the
sale. A local capitalist appears to
have been interested in the Beloit
works and held the bonds as security
merely that his purchase money
would be paid. It also appears that
the last money was paid last week
on these bonds and that nothing was
lost by local people in the transac-
tion.

The Story

The report this morning was to the
effect that Rich had disappeared on a
train between Cincinnati and Buf-
falo, N. Y., by jumping through a
car window to avoid arrest and was
thought to be on his way to Hon-
duras. The report of the deal is as
follows: "Brokers who were associat-
ed with Rich in several large busi-
ness deals have taken up \$65,000
worth of spurious bonds that were
pledged with the banks as collateral
for loans and secured those institu-
tions against loss. It also is known
that Rich personally placed \$25,000
worth of bonds with other banks, but
the names of institutions could not
be ascertained today. Rich's defaul-
tion became known to his close busi-
ness associates last Monday, but they
kept the secret close.

The Beloit Deal

"Last February P. S. Briggs & Co.,
C. H. Wooley, and A. L. Rich became
engaged in a deal to take over gas,
water, and electric plant of Beloit,
Wis. While the negotiations were in
Beloit, engaged in negotiations. Mrs.
Rich arrived there with \$65,000 of
forged bonds that her husband used
in financing his part of the deal. The
Queen City bank of Cincinnati loaned
Rich's associates \$55,000, and a
bank at Janesville, Wis., \$10,000, tak-
ing Mr. Briggs' note and the forged
bonds as security. This is a mistake
according to bank officials. "Subse-
quently small lots of bonds were plac-
ed with other banks to secure the loans.
"Their spurious character was dis-
covered by Mr. Briggs on Monday
when he offered \$2,000 worth at the
Fifth National bank in Cin-
cinnati as collateral. President
Hirsch of the Fifth, who
had seen the genuine bonds, at once
pronounced these offered by Briggs
as worthless.

Promises to Straighten Matters

"Next morning Briggs had Rich in
his office and confronted him with
the evidence of forgery. Rich denied
his guilt and an altercation followed.
Briggs seized Rich by the throat and
forced him to sign a statement re-
leasing his associates of any culpa-
bility in connection with the handling
of the spurious paper. Rich did so
and promised to straighten out the
matter by taking up the forged bonds.

Repainting.

Paint has no
protection
against the ele-
ments,
and climatic changes
work hard and fast upon it. The
best paint will eventually wear down,
and the surface will have to be re-
painted. But when Pure White Lead
and Pure Linseed Oil are used the
surface is left smooth and free, all
ready for the painter to begin his
work.If, on the other hand, a hard,
lifeless, inelastic paint (such as zinc
and barytes) has been
used, it cracks, peels and
wears off unevenly,
leaving a scaly
surface, necessitat-
ing the expensive and dangerous
process of burning off before satis-
factory repainting can be done.To paint with cheap paint is to
repaint at high cost, and too soon.
Those who use

SHIPMAN

Pure White Lead

PURE WHITE LEAD

For Sale by All Dealers.

This afternoon the Twentieth Cen-
tury History club is enjoying an in-
structed lecture on French history by
Rev. Denison in the parlors of the
Congregational church. Tomorrow
evening the season's work will be
closed with a banquet at the rooms
in the Central block.Fearing he might leave the city,
Briggs and a friend decided to shadow
Rich, while Wooley went to
Cleveland, O., to learn if the genuine
Wood county bonds were held there.
He found them in the custody of the
Society Savings Bank of that city."Briggs and Attorney Charles Shaw
kept a close watch on Rich Monday
afternoon. In the evening they saw
him go to the Union Central depot
and purchase a ticket to Buffalo.
They boarded the train which the
fleeing broker had taken. When they
entered the Pullman car they found
Rich had engaged a stateroom and
locked himself in. It was their in-
tention to have him arrested if he
tried to get out of the country. They
posted themselves outside the door
of the stateroom and were prepared
to seize their man the moment he
showed."When the train reached Springfield,
O., they became anxious and feared
their man had escaped. Shaw ordered
the porter to unlock the door,
threatening to break it down if he
did not do so. Reluctantly the neg-
ro complied. As the door swung open
Shaw sprang in. The stateroom was
empty, the cool night air whistling
through the open window.

Rich Evades His Shadowers.

"It is believed Rich left the train
at Dayton, O., the first stop after
leaving Cincinnati. Rich was back
in Cincinnati before midnight. At 2
o'clock on Wednesday morning he
was seen boarding a train for Louis-
ville, on his way to New Orleans and
probably Honduras."Mr. Briggs took up the forged
bond, held by the Janesville man,
at Janesville, and in Cincinnati. Mr.
Rich has admitted to the associates
of her husband that the bonds were
forged, but it is not known how the
forgeries were accomplished. It is
expected that other developments
will come. Rich came to Cincinnati
from Cleveland several years ago."TYPHOID GERMS ARE
VERY SHORT LIVEDInvestigations at the University of
Wisconsin Indicate Survival is
Only One Week Usually.Madison, Wis., April 30.—Results of
a series of interesting investigations
which have been carried on in the
hygienic laboratory at the University
of Wisconsin show that the vitality of
the germs causing typhoid fever is
not very great when these germs find
their way either into pure water or
into sewage infected water. A long
series of experiments has been car-
ried on with a view to determining
the exact length of time in which the
bacillus typhosus survive when plac-
ed in ordinary lake water, and similar
investigation has been shown that in
flowing water taken from Lake Men-
dota the organisms live from eight to
ten days, while in water polluted by
sewage they survive but five days.

Method of Experiments

In carrying out these experiments
in the laboratory, efforts were made to
approximate as closely as possible
the conditions that exist in nature.
The sacks containing the water were
infected with the typhoid bacilli
placed in large glass receptacles
through which there was allowed to
flow continuously a stream of water
or sewage. Two of this series of
experiments were carried on in win-
ter, one in spring and one in summer,
so that the effect of the varying tem-
perature of water might be tested.
Every precaution was taken to make
the experiments as accurate as pos-
sible.

Results in Lake Water

The tests in normal water taken
from Lake Mendota show a striking
agreement as to the length of time
that the typhoid organism survives un-
der these conditions. Although in a
number of experiments there was a
considerable variation as to the
temperature of the water, and the
number of the organisms employed,
the life of the typhoid germs ranged
through a comparatively narrow pe-
riod of from eight to ten days. While
the limit of the complete destruction
was from eight to ten days, by far
the greater part of the organisms
disappeared before the end of a week.
It was often only a few seemingly
more resistant individual germs that
persisted for an appreciably longer
time than the average.

Shorter Life in Sewage

Having determined the relation of
the typhoid organism to such nat-
ural surface waters as those of Lake
Mendota, the university bacteriol-
ogists directed their attention to the
length of life of these organisms when
expressed to the influence of liquids
filled with germ life and other pro-
ducts. The result of the experiments
indicates that the typhoid organism
is unable to retain its vitality as long
when immersed in sewage as it does
when in contact with lake water.
When the bacillus typhosus was ex-
posed directly to the action of sewage
bacteria it survived from three to
five days, less than half the time
that it could live in pure water. The
other experiments show that the cause
of the death of the typhoid bacillus
was the direct action of the other bac-
teria present in the sewage rather
than the products of the sewage bac-
teria. This investigation seems to
warrant the definite conclusion that
the longevity of the typhoid germs in
waters is materially affected by the
presence in the water of other bac-
teria.PHILIPPINES MAY
GET REDUCTIONSTwo Reasons Why Tariff Bill is Still
Hoped For by Its
Supporters.

Washington, D. C.—The proposition
advanced in certain quarters that
the Philippine tariff bill is an amend-
ment to the tariff act of 1902, and
that it is not a new tariff bill, has
been flatly denied by Senator
Lodge in an authorized interview.
It was pointed out in these dispa-
tches that the Philippine tariff bill
would attempt to kill the free alcohol
bill by attaching the Philippine bill
to it. It was pointed out that the
Philippine bill has a much bet-
ter chance of passage than the free

titude as favorable to the free al-
cohol bill, Senator Lodge says: "I
would not embarrass the free al-
cohol bill by offering an amendment to
it in the Philippine tariff bill."LITTLE AMERICAN
LEAF IN ENGLANDArticle From London Times Tells of
Shortage and Poor Outlook for
Relief of Conditions.

[SPECIAL TO THE GAZETTE.]

Washington, D. C., April 30.—The
Department of Commerce and Labor,
in its daily issue of Consular Reports,
reprints the following article in the
London Times, showing the extent of
the tobacco trade in England: "For
a considerable time past it has been
increasingly apparent, to those who
had the eyes to see, that the avail-
able supply of good marketable Amer-
ican leaf and strips was not so large
as the circumstances of the trade de-
manded, and that the prospect was
for a still further contraction rather
than an expansion. During the past
few years the consumption of tobacco
has been steadily increasing, the total
of \$3,592,000 pounds in 1903 having
increased to \$5,502,000 pounds in
1904, and to \$8,609,000 pounds in
1905. For the same years the total
imports were \$3,959,000 pounds, 110-
996,000 pounds, and \$7,452,000 pounds.
Taking the imports of unmanufactured
tobacco from the United States
alone, we find the figures to be as
follows: 1903, 73,625,504 pounds; 1904,
94,575,597 pounds; 1905, 72,949,613
pounds.HOW AUSTRALIA WILL
PURCHASE TOBACCORefuses to Stand For Indent Business
—News Concerning Leaf Trade
From Government Dept.

[SPECIAL TO THE GAZETTE.]

Washington, D. C., April 30.—Con-
sul Hill at Amsterdam, in a report to
the Commerce and Labor Depart-
ment, quotes the following from the
"Australian Tobacco Journal," touch-
ing on progressive trade methods in
Holland and Australia: "A word with
our English, American, German, Can-
adian, Philippine and other friends who
want to do business with Australia.
First, an able, energetic, reputable
agent is necessary. Remember you
are a long way off, and your business
could be badly injured long before
you became aware of it. If you do
not care to trust your agent with
stock, then give up the idea of trad-
ing for all the business you are like-
ly to do on indent with the Australian
tobacco trade will not be worth
the trouble, except in certain spe-
cialties, which are practically clear
of competition. In every general
line there are houses that hold stocks
and the man who tries to do an indent
business in our trade has the gradient
against him all the time."WILLIAMS SAYS "MR.
SPEAKER, I OBJECT"Minority Leader in House Using Dila-
tory Tactics on All Unanimous
Consent Requests.

[SPECIAL TO THE GAZETTE.]

Washington, D. C.—On Monday last
Representative Hill, of Connecticut,
from the Committee on Ways and
Means, called up as a privileged bill,
the measure of Delegate Llananaga,
of Porto Rico, providing for the sale
of internal revenue stamps on cigars
and other articles produced in Porto
Rico imported into the United States,
and after a short discussion of its
provisions and effect, the House
passed it. This bill has been publish-
ed in full in these dispatches, and
was passed as it was reported from
the Ways and Means Committee.Mr. Hill had quite a time, however,
in finally getting the measure through
owing to the dilatory tactics on Mi-
nority Leader Williams who has ob-
jected and continues to object to
unanimous consent requests by mem-
bers of the House for any and all
sorts of bills. He has become
chagrined over the attitude of
House leaders toward the stateroom
bill and has announced that he will
object to all requests for unanimous
consent. When Mr. Hill called up
the Porto Rican internal-revenue bill,
Mr. Williams was there with his
"Mr. Speaker, I object," and Mr.
Hill was forced to move that the
House go into the Committee of the
Whole and take up the bill, which mo-
tion prevailed.In explaining the purport of the
measure to the House, Mr. Hill said
that Porto Rico is outside of the in-
ternal revenue jurisdiction of the
United States, and all of the receipts
from this source are now paid into
the Porto Rican treasury. Articles
coming from Porto Rico to the United
States similar to those which are
subject to internal taxation here must
have United States stamps affixed
here, and this is now done by de-
puties detailed for that work at the
principal ports of entry. This Mr. Hill
explained was greatly to the incon-
venience of the people of Porto Rico.
The bill provides for the affixing of
the internal revenue stamps in Por-
to Rico instead of at New York City
and New Orleans as at present. While
it authorizes the appointment of one
deputy, as a matter of fact it will
simply transfer one out of three to
San Juan and accommodate the Por-
to Ricans by enabling them to have
the work done there. In response to
a question by Representative Crum-
packer, Mr. Hill stated that he
thought one collector would be suffi-
cient to attend to the affixing of the
internal revenue stamps at San Ju-
an, which would be all that would
be necessary for the entire island, as
practically all of Porto Rico's exports
go from San Juan. Mr. Crumpacker
asked if it would affect the revenues
of the United States, to which Mr.
Hill replied that it would probably
bring revenue to this country. In
reply to questions by Mr. Sulzer, Mr.
Hill said the bill had been prepared
in the Internal Revenue Bureau, ap-
proved by its chief, and by the Sec-
retary of the Treasury and was
unanimously reported by the Com-
mittee on Ways and Means.

REPORT FROM PERU STATES

Special Agent Hutchinson, in a
report to the Department of Commerce
and Labor on trade conditions in
Peru states that during the six
months ending with June, 1905, the
exports of tobacco from Iquitos,
Peru, amounted to 41 metric tons,
and that the imports during this
period amounted to only one ton.

Predicts Great Things.

A report issued by the Department
of Commerce and Labor states that
the British South African Export Ga-
bacco predicts great things for the to-
bacco industry in South Africa. To-
bacco is said to be of universal
growth in South Africa and it is said
that the best brands of tobacco gen-
erally consumed can be raised. Ef-
forts are now being put forth with
the end in view of producing a leaf
suitable for the manufacture of to-
bacco capable of competing in British
and continental markets with the old-
established brands. This is an
ambitious ideal, but whether or not
it is attainable remains to be seen.MISS MARY HARPER AND
GLEN CLARK MARRIEDNorth Spring Valley, April 28.—
Miss Mary Harper and Glen Clark
were married April 25 at the home
of the bride's parents by Rev. Theo.
Dugan of Chicago. After congrat-
ulations were extended over eighty
guests partook of a three course sup-
per. The bride received many hand-
some presents. Mr. and Mrs. Clark
will live with the groom's parents on
a farm near Canbyville.Miss Bernice Palmer is home from
Chicago for a short vacation.Mr. and Mrs. Lee attended the fu-
neral of an uncle at Evansville last
Friday.Mrs. Wallace Cochran spent sev-
eral days last week with her sister,
Mrs. Harper.Miss Helen Beebe of Evansville has
been visiting friends and relatives.Andrew Harper, Sr., and Mr. and
Mrs. Bert Crouch were here from
Monroe to attend the Clark-Harper
wedding.Of course you pay your money,
But you get your money's worth,
For what does money mean to you
When Rocky Mountain Tea's on
earth?

will play and a delightful evening is
anticipate.Moderate
PriceCalumet
Baking
Powderis a very import-
ant factor in run-
ning an automo-
bile, and if you are
out on a country
road ten miles
from nowhere and
run out of gaso-
line, you realize
just how import-
ant it is. But you
can't run out of
gasoline with the
Cadillac. There is
a secondary tank
that is always full
and if through
carelessness your
main tank gets
empty you have
these secondary tank
to fall back on,
with enough gaso-
line to take you
twenty miles. . . .
This is a little bet-
ter than cooling
your heels by the
roadside while
gasoline is sent
you from the near-
est town. Just an-
other point of Cad-
illac superiority.THE BLODGETT

...FORTY YEARS AGO...

Janesville Daily Gazette, Monday, April 30, 1866.—Smashed In.—Some person or persons made an assault on a saloon on Milwaukee street, last night, smashing the windows and doors with stones, and demolishing decanters and looking glasses on the inside. Had the institution been in full blast at the time, its armory could have been brought to bear on the assailants and anything within forty rods could have been easily repelled.

The Manufacturers of Janesville.—The manufacturing interests of this city are steadily on the increase, though at less rapid rate than could be desired. But they already reach a greater aggregate than is generally supposed. A friend who has been looking into the matter somewhat minutely, states the aggregate of manufactures in this city for the year as something like \$600,000.

A Constable Severely Injured.—During last night some men were discovered endeavoring to steal goods from a car in the Northwestern railway yards. The depot watchman discovered them and with assistance arrested one of them. Officer Plato was called up to take the man to jail, and he started with him. He had got onto Main street with the prisoner, when one of the fellows

accomplices, approached the officer from behind and struck him with an iron bar telling him to the ground. When he was found he was insensible and it was discovered that his jaw was broken and we understand that his skull was fractured. At all events his injuries were quite serious. No clue has as yet been obtained to the perpetrator of the outrage.

A New Play in Three Acts.—Act I.—Proprietor of a hotel enters a dry goods and carpet establishment, purchases a carpet, takes it home; keeps it a while and finally comes to the conclusion that he don't want it.

Act II.—Hotel man enters aforementioned store with carpet and says he won't have it. The merchant protests that they don't sell goods that way, and take them back again after they have once been used; and they shall therefore collect the bill for this. Sharp words follow.

Act III.—Merchant shows hotel man the door but as latter goes out he throws the carpeting back into the store. Dealer in carpet, incensed, thereat walks out on the pavement, picks up mine host and throws him over a dry goods box with the seat of his trousers up, on which the merchant apparently sees too much dust as he belabors the locally indicated, soundly. Curtain falls and show is out.

Ira Remsen.

President of Johns Hopkins University, Baltimore.

EVANSVILLE

Evansville, April 29.—Mr. and Mrs. James E. Gleave have disposed of their property and household goods and will soon go west to reside. This week they will go to Janesville to visit their daughter, Mrs. Fannie Waite. In a month or so they will start for Colorado, where they may locate. If the climate in Colorado does not benefit Mr. Gleave's health they expect to continue their trip on to California. Mr. Gleave has resided in or near Evansville most of his life and his many friends hope that a change in climate will prove beneficial. Their son, Ivan Gleave, and wife will leave within a few days for Colorado, where they will reside.

A. E. Durner has purchased the Arthur Snashall residence on Garfield avenue, where he and his family now reside.

Mrs. Kate Gibbs of Rockford, Ill., came to attend the funeral of her uncle, George Fellows, and remained for an over-Sunday visit with relatives.

Mrs. Kittie Gleave is visiting relatives in Brookfield.

Mrs. Marge Blackman and little daughter returned to Chicago Saturday, having paid a visit of a few days to their parents, James Gleave and wife.

Mr. and Mrs. Frank Devendorf are at Delavan, being called there by the

PROPOSALS FOR UNIVERSITY BUILDINGS.

Scaled proposals will be received by the regents of the University of Wisconsin up to two o'clock p. m., May 12, 1906, at the regents' office in the law building at the university for the construction of an Agronomy building and, for the construction of an agricultural engineering building, under plans and specifications of Architect Peabody, at whose office in the law building at the university, plans and specifications may be seen. They may also be seen at the office of the Builders' Exchange in Milwaukee, or at the office of the American Contractor in Chicago, or will be sent to persons desiring to bid upon deposit of \$10.00 for each set to assure return.

Bids will be taken according to specifications for mill construction and separate bids according to specifications for the entire construction including reinforced concrete construction. Separate bids will be received for the finishing hardware for these buildings.

Bids must be made upon the form supplied by the architect and check to order of undersigned for two per cent of the amount of the bid must be attached to the bid, as a guaranty that the bidder will execute contract. The right is reserved to reject any or all the bids.

Bids should be sealed and addressed to the undersigned, marked "proposals, etc." E. F. RILEY, Madison, Wis., April 23, 1906.

KILL SPANISH CODE

Island Incorporation Law Encourages Capital.

LIBERAL IN ITS PROVISIONS

Five or More Persons, Not Exceeding Fifteen, May Secure Corporate Rights in Philippines on Payment of Reasonable Fee.

Washington, April 30.—Companies may be incorporated in the Philippines under practically the same regulations as generally rule in the United States, a new corporation law having been enacted by the Philippine commission to supplant the old Spanish code of commerce. The act was prepared by Commissioner James F. Smith, who will succeed Gov. Ide as governor general of the Philippine islands on September 15 of this year.

Features of the Law.

The salient features of the law are the following: Five or more persons, not exceeding 15, a majority being residents of the islands, may incorporate by filing articles of incorporation with the proper officer of the insular government, the principal office of the company to be in the islands. The life of the corporation may be for any period, up to 50 years. The directors may number from five to 15. Before incorporation only 20 per cent of the capital stock need be subscribed and 25 per cent of the subscription paid in. The incorporation fee is only \$12.50 gold. Stock or bonds may be issued for cash or for property, received at a fair valuation. The capital stock may be increased or decreased by a two-thirds vote of the capital stock. The articles of incorporation may be amended by a majority vote of the directors and a two-thirds vote of the stockholders are required to be held where the corporation is established, but directors' meetings may be held anywhere. Only two of the directors need be residents of the Philippines. Voting in the election of directors may be cumulative and by proxy. All public service corporations, whether domestic or foreign, are required to file annual reports with the insular auditor, showing capital stock, indebtedness, dividends declared, etc., which reports are confidential. The books of all corporations doing business in the islands are subject to government inspection. The provisions of the act are subject to amendment, but rights and remedies acquired thereunder are safeguarded. There is no maximum or minimum limit fixed to the amount of the capital stock allowed, and corporations may hold stock in other corporations, subject to certain restrictions. The act contains special provisions regarding railroad companies, banking and trust corporations, insurance and religious corporations, building and loan corporations and colleges and other institutions of learning.

Foreigners May Participate.

American and other foreign corporations may qualify to do business in the Philippine islands by obtaining a license from the proper officer of the insular government. To secure a license a corporation it is announced, need only show that it is financially sound and file a statement setting forth the nature of its business, the amount of its capital stock, its assets and liabilities, etc., and the name of its responsible local agent. The license fee is \$25 in gold. Without this license foreign corporations have no standing whatever in the islands. Foreign corporations are bound by the laws, rules and regulations applicable to domestic corporations, except such provisions as relate to corporate organization and dissolution, or which fix the responsibilities and liabilities of "interests" of the stockholders and officers of the corporation.

MINERS INSTRUCT TO STRIKE

Order Delegates to Stand by Mitchell in Convention.

Shamokin, Pa., April 30.—United Mine Workers' locals in some sections of the anthracite region elected delegates Sunday to the convention called for Thursday next at Scranton. Some of them were instructed to vote for a strike unless the operators grant concessions, and others to support any measure President Mitchell may think best for the workingman's interests.

Oil Tank Blow-Up Costly.

Elizabeth, N. J., April 30.—The Bayway Refining company's plant at Elizabethport was destroyed Sunday with a loss of \$100,000. Six of the company's oil tanks blew up. The burning oil flowed into Staten Island sound and for a time endangered shipping.

Bryan in Jerusalem.

Jerusalem, April 30.—William J. Bryant Saturday addressed a special meeting held in the tabernacle by the Christian Missionary alliance. He spoke on the life of Christ and His teachings.

Cabinet Crisis in Austria.

Vienna, April 30.—A cabinet crisis is regarded as imminent. Premier Gausch von Frankenthurn's efforts to arrange a compromise among the parliamentary groups having failed.

Forest Fires in Pennsylvania.

Dubois, Pa., April 30.—Destructive forest fires are raging in this section of the state, and already much damage has been done to the timber interests.

New Homes in the West.

Over a million acres of land will be thrown open to settlement on the Shoshone Indian Reservation August 15, 1906. These lands are reached by

Every woman knows that a polished table collects so much dust in a day that she can write her name on it.

The same thing happens to a soda cracker exposed to the air—sufficient reason for buying **Uneeda Biscuit** the only soda cracker. Perfectly protected in a dust tight, moisture proof package.

GOLL IS FOUND GUILTY ON NINETEEN COUNTS

Milwaukee Jury Decides Against Former Assistant Cashier of First National Bank.

Milwaukee, April 30.—Henry G. Goll, former assistant cashier of the First National bank of this city, was found guilty by a jury in the United States district court Sunday on 19 counts, out of 34. The counts in the indictments against the defendant, on which he was found guilty, relate to false entries and the misapplication of funds in the bank, those relating to embezzlement and telegrams being thrown out.

The verdict was reached by the jury after a session lasting eight hours, and was arrived at about two o'clock Sunday morning, and presented to the court at 11 a. m. The amount of money which Goll was alleged to have misapplied was about \$250,000. Mr. Goll was unmoved by the verdict and referred all interviewers to his attorneys. He was remanded to the custody of the United States marshal.

Attorney William B. Rubin, for the defendant, at once made a motion for a new trial.

The trial of Henry G. Goll lasted exactly three weeks, during which time a large volume of evidence was submitted to the jury. The most interesting part of the testimony was that offered by the former president of the bank, Frank G. Bigelow, who is now serving a ten years' sentence at the Fort Leavenworth prison, he having pleaded guilty to looting the bank, without undergoing a trial. Bigelow testified that many of the acts with which Goll was charged were committed under his direction, but stated that he had no knowledge of some of them. Aside from Bigelow's testimony, bank officials were subpoenaed from several outside cities and testified as to various accounts with the Milwaukee bank. Several bookkeepers and tellers of the bank gave testimony on most of the charges, the basis for which having been unearthed by the government's expert accountant.

MINERS MIX IN SALOON AND TWO ARE DYING

Encounter Between Union and Non-union Men to Accompaniment of Revolvers and Steel.

Johnstown, Pa., April 30.—Union and nonunion miners clashed again Saturday night at Paint Creek mines

near Windber, where a week ago a mob had to be dispersed by a volley from the market of the deputies. As a result of Saturday night's riot two men are dying in the hospital at Windber, a third probably fatally stabbed, several others sustained various injuries and seven men are under arrest for inciting to riot. Since the last trouble the saloons at Windber have been kept closed and Saturday night the men visited the saloons at Point Creek. An union and nonunion man got into a quarrel and soon blows were struck. Soon a knife was drawn by one of the men and immediately there was a rush from all sides to the support of the contestants. Knives and guns were drawn and bullets began to fly. The battle lasted for half an hour and when the crowd dispersed men were lying along the Baltimore & Ohio railroad tracks for a distance of 50 yards, bleeding from stabs and bullet wounds.

The sheriff at Windber was notified and with 21 deputies arrived after the riot was over. They arrested the leaders and had the wounded taken to the Windber hospital. Most of the injured are foreigners.

RESULTS OF BASEBALL GAMES

American league: At New York—New York, R 11, H 13, E 2; Philadelphia, 3, 10, 4. At St. Louis—Cleveland, 10, 9, 0; St. Louis, 3, 7, 7. to be both fashionable and useful to future statesmen.

Chicago very kindly loaned San Francisco some of its detectives and San Francisco very promptly declined the loan. No one who knows the calibre of the Chicago officers blames San Francisco in the least.

A COMPENSATION.

The only trouble from which this country had suffered during the last twelve months was an excess of prosperity. That's all. This prosperity was too great for the facilities of our banking credits to finance, and, at the same time, sustain a great speculation either in stocks or real estate. Something had to give way. Either the trade and commerce of the country had to be reduced, which is unthinkable as an enforced policy, or else there had to be some form of liquidation. Many thought that stock liquidation ought to have taken place last winter, but it did not in any marked degree, even though the rates of money ran up like danger signals.

Perhaps the San Francisco disaster has done for us what we should otherwise have done ourselves, namely, it has produced a liquidation which should have the effect of relieving the money market of a part of its excessive burdens. There is this to be said in behalf of this liquidation, that admitting that it was necessary, it is better that it should take place now than to have been postponed until the crop moving period set in, when we might not have been in so advantageous a position to sustain it.

SUPPOSE HE DID THIS.

When it was proposed in Minneapolis to ship a trainload of flour to San Francisco for the relief of the sufferers there, the report is that a local labor union protested against the shipment on the ground that the flour had been manufactured by non-union labor, says the Wall Street Journal.

Fortunately this narrow spirit does not control organized labor as a whole. Our great leaders of trades unions are capable of large things and it would seem as if they were now confronted with the magnificent opportunity to display a liberal and patriotic breadth of mind.

Suppose that John Mitchell on behalf of the mine workers should now announce to the country that, in view of the San Francisco disaster and the losses which it had entailed, that organization desired as its contribution for the relief of the situation, to accept the final proposals of the mine operators, although those proposals were unfair to the organization that he represented. Suppose that he said that the working men, whom he represented, did not wish to add a great coal strike to the disorders which earthquake and fire have produced and would therefore withdraw the demands which it had made, reasonable and just as they believed those demands to be, in order that there might be industrial peace in this country.

Suppose Mr. Mitchell did this? How high do you think his reputation and that of his organization would stand in the regard of the American people and with what popular strength it could appeal at some future time for the redress of any wrong to which it might be subjected?

PRESS COMMENT.

Encores Nobody Wants.

Chicago Tribune: Those California earthquakes, like some stage performers, persist in giving encores that nobody wants.

Seeing the Trail With Open Eyes. Milwaukee News: James J. McGillivray, it seems, has discovered footprints in the sands that look very much like the tracks of a "boss."

September Gale in Prospect. Milwaukee Sentinel: Mr. Bryan will return in September, and he has been away long enough to make the public sit up and take notice of what he may have to say.

Peril-Hunting Season Open. Exchange: The gubernatorial candidates, warmed by the spring sun, are crawling out of their holes and the perils that confront the people begin to multiply.

It's Mostly Water, Isn't It? Fond du Lac Commonwealth: It seems to be the irony of fate that the famous White Rock spring at Waukesha should have finally fallen into the hands of a distilling company.

Vesuvius Going to Waste. Dexter (Kan.) Dispatch: If Vesuvius were in Kansas it wouldn't take more than two weeks to put a hood on it and in another fortnight the housewives would be utilizing the conquered fire and brimstone in their cookstoves to bake ginger snaps.

Lively Time Promised French King. Chicago Record-Herald: It is feared that the royalists may attempt on the first of May to enthronize a king in France. If they do, their candidate is likely to find out how it feels to be a baseball umpire in Indian Territory.

President-in-Reserve's Small Pay. Exchange: The Vice President of Cuba receives a salary nearly twice as great as that which is paid to the Vice President of the United States. Perhaps the Vice President of Cuba has something more to do than repose on the shelf.

History is History. Chicago Tribune: It is galling to the national pride to learn from President Roosevelt that Great Britain carried off the lion's share of the honors in the war of 1812, but it must be remembered that the president has a reputation as an accurate historian to sustain.

Bound to Carp Anyway. Exchange: Some carpers complain that John D. Rockefeller gave the San Francisco sufferers "only" \$100,000. But if John D. had given \$1,000,000 these critics would have abused him for not giving \$2,000,000. They are built that way.

One Pin-Head Redeemed.

The Nevada Record: St. Louis claims a man who engraved twenty-six letters of the alphabet and nine numerals, on an ordinary pin head. Everyone has seen pin heads with college diplomas, that did not, have that much intelligence engraved on them.

Chilling Blight For Spooner.

Milwaukee Sentinel: Senator La Follette was not present when Senator Spooner spoke Wednesday and Thursday. It must have been a terrible disappointment to Mr. Spooner. We wonder that the senate did not adjourn till such time as La Follette might indicate that he would be there.

Thinks He'll Survive Hazing.

La Crosse Tribune: Senator La Follette is going to be pulled to pieces and teased and hazed like a new boy in school or a new sales girl in a department store. But we predict that his tormentors will come out of it rubbing their shins and acknowledging that "Bob" plays a cracking good game of shilly.

Inevitable "Earthquake" Mendicant.

Superior Telegram: Already the complaint comes from several cities that fake earthquake sufferers are begging on the streets and among the homes. The professional sufferers have of late years been becoming more numerous, and the earthquake only gives them an opportunity to get on the charitable side of sympathetic people.

Monroe & Janesville & Carnivals.

Brookhead Independent: Monroe people are very anxious to have a carnival the coming summer. Janesville people are very anxious to keep a carnival company out of their city. Monroe people are trying to get a company but haven't got one yet. Janesville people don't want any but are going to have one. Monroe has had only one carnival heretofore. Janesville has had more than she wants. Experience is the best teacher or after all.

'Tis But Empty Sound.

Exchange: The Chicago Chronicle explains its opinion of socialism by quoting Shakespeare as follows: "That strains and frets his hour upon the stage, And then is heard no more. It is a tale Told by an idiot, full of sound and fury, Signifying nothing."

The Meaning of Empire.

Rockford Register-Gazette: Here is an eloquent picture of the British empire in a few sentences. The king has in Asia more than 200,000,000 subjects; in America, 15,000,000; in Africa, about 40,000,000; in Australia over 5,000,000; and in Europe over 42,000,000. Classifying them broadly by religions, there are 208,000,000 Hindus, 94,000,000 Mohammedans, 58,000,000 Christians, 12,000,000 Buddhists, and 25,000,000 of various pagan or non-Christian religions.

Vegetarianism Again.

Chicago Chronicle: Dr. Frank Billings in a recent address at the University of Chicago condemned the principle of vegetarianism. A great many people who have tried it will agree with him. Herbert Spencer was a vegetarian for six months and had to rewrite everything he had written during that period on account of its lack of vigor. Everybody ought to experiment with vegetarianism even if he does not adopt it, for it will teach him a great many things about his body that he never knew before.

Context Was Perfectly Familiar.

Milwaukee Sentinel: The Free Press complains that various newspaper publications in the state did not give great prominence to Senator La Follette on the radio question. Blind as usual, the Organ forgets that in its own columns, in one of the reports of La Follette's speech, written by La Follette's personal representative in Washington, a regret was expressed that his speech came at the time of the San Francisco earthquake; at a time when the public mind was occupied with that pitiful catastrophe. We are rather surprised that La Follette and his followers have not charged that the earthquakes were brought about by the interest opposed to the senator to the end that his speech might be lost in the excitement of that occasion.

The truth of the matter is that the speech of Senator La Follette was substantially the same speech that he has delivered in Wisconsin hundreds of times. The truth of the matter is also that the speech did not create the great sensation in Washington, or elsewhere, that the Free Press indicates.

AMONG THE POLITICIANS

William H. McFall of Concord is the candidate of the socialists for governor of New Hampshire.

Illinois prohibitionists have held their state convention and named candidates for the offices to be filled at the state election next fall. Of the three candidates named for trustees of the state university two are women.

The republicans of Kansas meet in Topeka this week to name a state ticket. Despite the early talk of opposition every sign points to the renomination of Governor Hoch.

Three of the republican state officers of Wisconsin are candidates for third terms this year, a situation unprecedented in the history of the state.

100 LATE TO CLASSIFY

Chopped, smarting, wind-blown, tough skin coated by Sash Skin-Cream. It's best made 25c.

WANTED—Several boys, age 16 to 20. Steady work. Apply to Parker, Ken Co.

MRS. B. H. WAITE, of La Prairie,

was in Janesville one day this week on a special mission.

She came to have some of her aching teeth extracted.

She evidently got the work done all satisfactory because just before leaving for home she said to a friend:

"Dr. Richards does just as they told me he did."

"He really took out five teeth for me WITHOUT HURTING ONE BIT."

"I had suffered something fierce with my teeth all winter and dreaded the ordeal awfully."

"But it was nothing at all."

"I shall always come to Dr. Richards for my dental work."

Such comments occur every day regarding Dr. Richards' practice, because he makes a specialty of PAINLESS DENTISTRY.

TO LET MOTHERS ATTEND CHURCH

KINDERGARTEN WAS INAUGURATED AT CONGREGATIONAL.

CHILDREN LEARN OF BIBLE

Twenty-seven Present at First Session Yesterday—School Kindergarten Directors.

At the Congregational church Sunday was inaugurated a kindergarten where children between the ages of three and seven are cared for during the regular morning worship so that their parents may attend the services. The idea was conceived by some of the mothers and it is believed that success will attend the undertaking. While it permits the parents to be present at the morning church services it also serves as a Sunday school for the young children, many of whom are not old enough to be in any of the regular classes.

Twenty-seven children were entered yesterday morning. This number will, no doubt, be largely increased on ensuing Sundays. At the request of the mothers the Misses Callahan, Jacobs, Spoon and Denoyer, instructors in the public school kindergarten and members of the Congregational church have consented to act as directors. All assisted in the establishment yesterday and from now on will alternate in taking charge.

Regular kindergarten work will be taken up with slight changes. One of the principal divergences from the customary program will be the substitution of the simple Bible stories for the animal and fairy tales. There is no chance for the kindergarten, being unpopular with the children, for all but a small few of those who attend the public kindergartens during the week regret the arrival of Saturday and vacations.

HUNDREDS ATTENDED CATHOLIC RETREAT

Ladies' Retreat at St. Patrick's Church Closed on Sunday Evening.

The retreat for young ladies' sodality closed last evening. Fully 350 young ladies attended the exercises daily and last evening the seating capacity was taxed to the limit to accommodate the large crowd who came to listen to an able address delivered by the Retreat Father, Rev. J. A. Sheahan, O. S. M., of Chicago. The retreat was a grand success, 15 new members joining making a membership of 151.

SUCCESSFUL SERIES OF ENTERTAINMENTS

Three Evenings of Moving Pictures Netted Near Sum for Cargill Memorial M. E. Church.

Saturday evening the last of a series of three Royal Picture Entertainments was given at the Cargill Memorial M. E. church and after the payment of expenses it was found that a neat sum of money had been netted for the church society. The attraction was under the auspices of Circle No. 4 of the Ladies' Aid Society, of which Mrs. E. J. Bennett is the head. Each program was composed of moving pictures, beautifully colored views and illustrated songs, and all proved interesting. Miss Alice Clithero presided at the piano each evening.

LATE LOCAL NEWS IN BRIEF

Good home grown eating potatoes J. T. Shields.

Ghosts, goblins and witches May 11. Watch for them.

Circle No. 10 of the Cargill Methodist church will hold a thimble party in the parlors of the new church from three to five on Tuesday, May 1st, instead of Wednesday, as formerly announced. Ice cream and cake, 10c.

Seed Potatoes 70c a bushel. J. T. Shields.

HAROLD SMITH IS VERY SERIOUSLY ILL IN ARIZONA

Father, Fred L. Smith, Called to His Bedside by a Telegram Saturday.

Fred L. Smith of 159 Garfield avenue, and a foreman at the Janesville Maeline company's plant, received a telegraphic message Saturday, calling him to Arizona, where his son, Harold Smith, is very seriously ill with a pulmonary affection. The young man is well known among the younger residents of the city and all will be pained to learn of his critical condition. He was a student at high school for a few years and worked as an apprentice at the Janesville Machine works for some time.

BERNHARDT AT MADISON; BOX-OFFICE GARNISHED BY MANAGER P. L. MYERS

For Expenses to Local Management Incurred by Juggling With Dates.

Sarah Bernhardt appeared in Madison before a large audience Saturday evening and the Madison Democrat informs a breathless world that the show and the great actress, perhaps go without much further comment. Manager Peter L. Myers of Janesville, whose Bernhardt date for the 25th was cancelled arbitrarily and without notice by the management which even permitted him to come into Chicago to conclude arrangements and then informed him that he could take the 25th or nothing, garnished the Madison box-office for a bill of expenses incurred amounting to \$100.

THREE RELATIVES KILLED BY QUAKE AT SANTA ROSA

MUSICIAN HERE FROM ST. LOUIS RECEIVED SAD NEWS.

Two Cousins Killed by Falling Walls, and Little Niece Disappeared, Probably Being Burned.

James T. Duncan of St. Louis, the organist who is accompanying Leon Louis Rice of Detroit, who sang at the Congregational church yesterday and will give a concert-recital this evening, received sad news this morning from Santa Rosa, Calif. In a letter from a cousin, Mrs. Mattie Anderson, announcement of the death of three relatives is made. Two of the deceased were cousins—Mrs. Lottie Moke and sister, Miss Willie Rice—and the third was a niece, Louise Moke. The family resided in the business district and when the shock occurred, which was probably worse in Santa Rosa than in San Francisco itself, this building collapsed. The two cousins were killed under falling walls and the little girl was entirely lost track of. She was in the building and it is thought that she was either killed and her remains burned in the conflagration that followed or that she was roasted alive. Mr. Duncan was numerous other relatives there who also suffered, some by physical injuries and others by loss of property. One cousin, Miss Esther Rice, sister of the cousins killed, was attending an art school in Frisco. She lost all her possessions and spent the two days and two nights following the terrible disaster in the parks of the city. Then getting across the bay she walked forty miles to Santa Rosa. At the end of her journey she was exhausted and her health may be permanently injured. Henry Forsythe, another cousin and the most prominent dry-goods merchant in Santa Rosa, sustained an immense financial loss. Though the loss by fire at Santa Rosa was not great the damage by earthquake, considering the size of the place compared to the metropolis, was serious. Scientists figure that this town was directly above the focus of the earthquake.

J. C. NICHOLS AND MABEL WOODBURY WED IN ROCKFORD

Ceremony Was Quietly Performed by Judge Bailey on Saturday—To Reside at 57 Prairie Avenue.

John C. Nichols, chancellor commander of Oriental Lodge No. 22 of the Knights of Pythias, and president of Janesville Aerie No. 724 of the Fraternal Order of Eagles, chatted with friends on the streets this morning and told no one a little secret which he had been successfully keeping since Saturday. He even made inquiries about a truck to carry household effects to No. 57 Prairie avenue and dropped hints about housekeeping which should have excited suspicion. But they didn't. The quiet journey to Rockford on Saturday, in company with Miss Mabel Claire Woodbury, and the quiet ceremony pronounced by Judge Bailey, which had made them man and wife, had escaped the most observant. The many intimate friends and well-wishers of the two young people are learning about the event for the first time as they read this article.

CHECK WITH FORGED SIGNATURE OF REV. DENISON CASHED IN LOCAL SALOON

By One R. T. Leaser, It Is Alleged Who Was Agent for "Beacon Lights of History"—Latter Left Suddenly Last Evening.

R. T. Leaser, agent for a set of books published by John Wanamaker of Philadelphia, who has been stopping at the Myers hotel for some eight weeks past, is alleged to have forged the name of Rev. R. C. Denison to a check for \$39.50 and to have deposited for parts unknown about twelve o'clock last evening. At any rate there was a forged instrument of this denomination presented by him to the proprietors of the Curtiss & Kimball saloon on Milwaukee street, and readily cashed by them with assurances that the signer's credit was most excellent. On the bottom of this check was written: "For one set of the Beacon Lights of History by Dr. John Lord." Rev. Denison bought no books and tendered to Leaser no check of any kind. Last night, the same man tried to cash a bona-fide check for \$15 from A. C. Hough to John Wanamaker, or perhaps a substitute made out to himself at the Hotel Myers. The request was denied. I. F. Wortendyke, Dr. Woods, and others are said to have agreed to purchase books, but it cannot be learned that any of them have been swindled. The Hotel Myers appears to be loser for a small amount. Leaser came originally from Kentucky, but had more recently made his home in Chicago. He spoke with a southern drawl and accent. "About forty years of age, weight about 160 pounds, a little gray hair about the temples, with a smooth-shaven face, showing signs of dissipation," is the description sent out by the police.

LOCAL LACONICS

Do Not Throw Paper on Streets: An appeal is made to citizens not to throw papers onto the streets, so that they may be blown about, making the streets appear untidy and also causing a liability of frightening horses.

Circus Passed Through: Golmar Brothers' circus passed through the city this morning en route to Fort Atkinson.

FIFTEEN YEARS FOR DEGENERATE

BARBER W. E. ANDERSON PLEADED GUILTY IN COURT.

TO A MOST ODISIOUS CRIME

Trembling and Weeping He Threatened Once to Withdraw His Admission of Charge.

"That you, William E. Anderson, be confined in the state's prison at Waupun at hard labor for the period of fifteen years from this day noon, and that on the eighth day of November each year your confinement be solitary." This was the sentence Judge Fifield meted out to the Beall—and one-time Janesville—barber, who appeared in municipal court this morning to answer to the charge of an odious crime against his thirteen-year-old step-daughter, Eleanor Gnadt, for which he was arrested on Thursday evening last and hurried to the Rock county jail less enraged citizens to take his life. No pity for this depraved and degenerate individual was visible on the faces of any of the officers who stood about the judge's bench. Even when he gave way to tears and talked about reconsidering his decision to plead guilty no compassion was possible. Trembling he faced the court and clung to his story that his only offense had been committed on November 3, though the state's witnesses, were ready to testify that his repetitions of the crime were many. There was no word to be offered in palliation, and he attempted none. He said that he was 42 years old and had married Mrs. Gnadt about seven years ago. The crime of which he acknowledged himself guilty is one of the most heinous in the statute books, the punishment being a prison sentence of from 5 to 35 years. Some allowance was made him for having spared the state a disgusting trial.

MINING GOSSIP FOR THE MINING PEOPLE

Janesville Men Interested in Lead and Zinc Are Active Just At Present.

Janesville mining men are as numerous as flees on a dog just at present. Almost everyone with any spare money has investments in the mining districts of the western part of the state. Shafts, mills, prospects and prices are the topics of conversation. The fact that the Empire and the Baxter are two of the best paying mines in the district and that a goodly portion of the Empire stock and all of the Baxter stock is owned in the city, has caused a great influx of Janesville capital into the mining field. Edward Bailey returned from the district last Saturday. He is drilling shafts on property he has adjacent to the Baxter and hopes to make a great killing soon. Near Mineral Point the new mine on the Kiefer property has been named Goebel. The drill operated by the Janesville people on the Con Schamberg property has broken down and will have to be repaired before work can continue. Dr. Farnsworth, A. E. Bingham, R. M. Bostwick, Jr., and Senator Whitehead were visitors in the district last week, looking over property they are interested in. A report comes from Evansville that a rich strike has been made near that city at thirty-five feet, the sheet of galena lying in sheets two to seven inches thick.

STINGING DEFEAT OVERTOOK THE DOUGHTY "RUNAWAYS"

In a Baseball Game with "Third Wards" Played at Court House Park.

By a score of 30 to 6 the juvenile baseball team known as the "Third Wards" defeated "The Runaways" in a spirited game played in the Court House park on Saturday. The line-up was as follows:

"Third Wards":
P. Brown.....C.....A. Pond
H. Sutherland.....P.....H. Myhr
F. Sloan.....SS.....E. Pond
N. Smith.....1B.....S. Pond
E. Mills.....2B.....W. Yahn
F. Lee.....3B.....R. Alin
E. Engle.....RF.....F. Blodgett
J. Glennon.....CF.....C. Frick
H. Skelly.....LF.....C. Skelly

A Sunday Game
The White Sox defeated the Blackhawk Terriers yesterday by a score of 14 to 12 in a twelve-inning game. The batteries for the White Sox were Smith, Burke and Brown and for the Terriers, Gregory and Butters.

Junior League Games
At Athletic park Saturday afternoon the second game in the Junior League schedule was played by the Christian Templars of the Baptist church and the Riverview park club. The Riverview boys were victorious by a score of 20 to 9. Haus and McLaughlin formed the battery for the winners and Wilson and Day for the losers. J. A. Ward umpired. In the morning game the Knights of the Holy Cross defeated the Y. M. C. A. Juniors by a score of 19 and 18. J. C. Kline and Deane Wright acted as umpires.

On Bunker Hill
Yesterday afternoon on Bunker Hill the Fifth Ward team took a game from the Second Ward to the tune of 12 to 10. O'Grady and Metzinger held the battery positions on the victorious team and Dobbins and Hutchinson similar places on the defeated.

Lost His Train: Ex-Mayor John Young of Broadhead arrived in the city this morning from his native burg to change cars for Chicago. He walked up alongside of the Chicago train and becoming confused by the sights and happenings of a city depot allowed the train he should have taken to start without him, and then asked when it was to start. His friends are unmerciful regarding his oversight and have notified his Broadhead friends to watch carefully for his return.

NEWS OF A PERSONAL NATURE

Harry Jones returned for a few days visit in Chicago.

Miss Elsie Cullum, who visited Miss Clara Jones, formerly of this city, last summer joined the Sarah Bernhardt company in Chicago last week.

Erwin Golling of Milwaukee was the guest of his parents yesterday.

Fred Baker returned yesterday from a week's visit in St. Louis.

Mr. and Mrs. F. S. Baines and Miss Genevieve Schnell are expected to arrive home Thursday of this week after spending the winter in the west. Herbert Holme is spending a few days in Minneapolis.

George Flury of Hartford, Wis., was a Janesville visitor Saturday.

Don Jeffris was home from Wayland Academy of Beaver Dam over Sunday.

J. Brownell returned Saturday from a trip through the northern part of the state.

Fred M. Marzluft is convalescing from severe illness at his home on South Jackson street.

Joe Van Kirk came up from Chicago to spend Sunday in the city.

David W. Holmes is able to resume business again after a severe illness.

Fred Miner, formerly a well known Janesville young man and at present residing in Chicago, spent Sunday in the city.

Miss E. Louise Williams entertained a company of ladies at cards at her home on Madison street Saturday evening.

Mr. and Mrs. James Gleave, who are moving from Evansville to Iowa, will visit in Janesville this week.

Irving Inman and family, who have been residing in Stillwater, Oklahoma, for the past few years, have decided to return to Wisconsin within a week or so and will take up their residence either in this city or Clinton.

Miss Mary Dawson of the town of Union is the guest of her mother in this city.

Mr. and Mrs. E. B. Holmstrom are removing from the flat at number 9 North Main street to one of the La Vista flats on South Main street.

Miss Harriet Decker was home from Chicago over Sunday.

Harry B. North, an instructor at the state university, was home over Sunday.

Miss Edna Murdock went to Brodhead this morning.

Hugo Schiewinsky returned to Milwaukee this afternoon.

Ed Nelson of Truesdell, Wis., returned home today after a visit in Janesville.

Leroy A. Kling, a senior at Hyde Park high school, Chicago, expected this evening for a week's visit with relatives and friends in this city.

Attorney William Smith was in Beloit Saturday evening, where he was one of the judges on the debate between Beloit College and State University Academy.

Miss Clara and Alice Frelin spent Sunday with their relatives in Beloit.

Miss Quackenbush was in Beloit yesterday with friends and relatives. Herbert Golden, formerly of Milwaukee, has changed his headquarters to Chicago.

Lawrence Doty of Chicago spent Sunday with his relatives in this city.

Edward Peterson returned Saturday evening from Chicago, where he spent a few days.

Alderman Geo. Buchholz has returned from Chicago.

Mrs. H. K. Priest of Fort Atkinson, a resident of Janesville twenty-seven years ago, is spending a few days with old friends here.

Frank Ryan returned to Watertown this morning to resume his studies in Sacred Heart college.

Frank Drake of Mason City, Iowa, who has been visiting the past two weeks at the home of Oliver Richards, 51 Palm street, will make Janesville his home, having secured a position with the Fifield Lumber company.

John Haight is in Henover.

Dave Jeffris spent Sunday in the city, returning to Chicago this morning.

C. E. Jackman went to Chicago on business this morning.

Mr. and Mrs. Fred S. Sheldon have returned from their honeymoon trip. They will move into their new home on Milwaukee avenue in a short time.

H. Harrison of Stoughton was in the city yesterday.

Mrs. E. H. Dudley is very ill at her home on South Main street.

THE LOWELL DEPT STORE

EAGLES LEASE THE BALL PARK

AT FAIR GROUNDS AND PREPARE FOR BUSY SEASON.

SIX-TEAM LEAGUE FORMED

And Arrangements Made to Open Regular Season About May 30—First Game with Red Sox.

Baseball fans hereabouts will not have to ro pine and gloom and hark back to bygone days, this summer, after all. Janesville Aerie No. 724 of the Fraternal Order of Eagles has stepped into the breach and leased of J. M. Bostwick for the season the one-time baseball diamond at the fair grounds. The work of plowing the ground preparatory to dragging, planking, and rolling is already in progress and within two weeks everything will be in readiness for the signal "Play ball!"

Red Sox First Victims

Thomas P. Abbott is managing the department of outdoor sports and he expects to begin the season with a game between the Eagles' team and Red Sox a week from next Sunday. Nearly all the veterans of last year's Eagles' nine which made a creditable showing in a number of hard contests will be available this season and the only problem now worrying the management is that of a suitable pitcher. But they have a good man in Shopiere and one or two others on the list of possibilities and it is likely that this matter will soon be arranged satisfactorily. The Eagles will have no rights whatever to the track which has been leased to Col. H. V. Horton for the race matinees. The spectators will be seated in the grand stand, capacity 2,000, with no extra charge and a reasonable tariff will be charged for admission tickets.

Six-Team Schedule

About Decoration Day a series of games arranged with a six-team schedule will be commenced. The teams will be those representing the Eagles' lodges at Beloit, Rockford, Freeport, Elgin, and Watertown. There was some talk of including Duquenois but the proposition was found to be impracticable on account of the distance. When the Eagles have no home games the Red Sox will undoubtedly make some effort to have their contests played at the grounds.

Lodge Meetings Tonight

NOTED TENOR IN
SACRED CONCERT

Leon Louis Rice Greeted by Immense
Audience at Congregational
Church Last Evening.

The first Congregational church was crowded to the doors last night with an audience which was composed for the most part of Janesville music lovers. The occasion was a sacred concert given by Leon Louis Rice, tenor soloist of Detroit, assisted by James T. Duncan, organist of St. Louis, the choir of the church and the orchestra. The program rendered was one that has seldom, if ever, been equalled in this city. Mr. Rice appeared in four numbers, as follows: "With All Your Hearts," from Mendelssohn's "Elijah"; "Come Unto Me," (Coeuen); "My Hope Is in the Everlasting," from "The Daughters of Jairus" (Stainer); and "Be Thou Faithful Unto Death," from Mendelssohn's "St. Paul." He possesses a remarkably rich tenor voice of wonderful power and depth of feeling, and his interpretation of these masterpieces revealed long, thorough and careful study of their difficult phrasing and tone coloring. Especial mention must be given the two numbers by Mendelssohn, which entirely captivated the audience. His perfect enunciation and the ease with which he sings is nothing short of marvelous, and his ability to sustain even the highest tones was a revelation to all who heard him. Mr. James T. Duncan, played an opening and a closing number on the organ, which proved him a master of that instrument. The pastor, Rev. Denison, spoke a few well-chosen words appropriate to the occasion on "Music" which were listened to with rapt attention. Messrs. Rice and Duncan will present a program of secular music tonight, comprising songs and organ solos from the "best of the most popular" and the "most popular of the classics" in musical literature. An offering of not less than ten cents will be taken and everybody is invited.

FIRST REGULAR MEET
OF COUNCIL TONIGHT

Will Be Held This Evening—Debate
Likely on Sidewalk Inspec-
tor Ordinance.

At the first regular meeting of the new common council this evening property-holders in Forest Park who have any suggestions to make regarding the grading of the streets will be heard. The committee on parks will recommend the man who is to be caretaker during the coming summer. Something definite will doubtless be done with regard to the new drinking fountains and some action may be taken with regard to the city hall roof, which leaks badly in some places. The bonds of the officers at the last meeting will be passed upon. There is likely to be a lively debate on the ordinance providing for the election of sidewalk inspectors in each ward to supplant the one official who has served in that capacity for the whole city in the past. According to the by-laws this office should have been filled the first of April. Some of the aldermen are opposed to the measure providing for the new regime, on the ground that the wages of these inspectors would have to be paid out of the ward funds, whereas the city has hitherto paid the single inspector.

Minnesota Wants an Exposition.
Chicago Chronicle: Of "organizing great expositions" there seems to be no end. Minnesota is said to be contemplating one in 1908 to celebrate the fiftieth anniversary of her admission to the union and proposes to make it "big enough to advertise Minnesota and her products from one end of the United States to the other." Good for Minnesota! Nobody will object to Minnesota advertising herself all she may wish—providing she will pay the bills.
